Product features:

Essence type: flower essence

Size: 10ml bottle

Usage: external use only

Product attributes:

Product codes:

Reference: PT055

EAN13: -

UPC: -

Product short description:

this essence can help with sensitivity and allergies by reducing the over reaction of the immune and subtle energy systems, (which are often sent into 'hyperdrive' by certain external stimulants). It may also assist with other conditions of sensitivity where the body or Aura is working overtime fighting intrusions. **External use only.**
