**Product price:**

**€17.90 tax included**

**Product features:**

Essence type: combination  
stock or dosage: Stock  
Size: 15ml dropper bottle

**Product attributes:**

**Product codes:**

Reference: SNE030  
EAN13: -  
UPC: -

## Product short description:

The 5th, or Vishudha chakra located at the base of the throat, is a deep, pure blue, representing the expansive element of ether, a place – metaphysically speaking – more calm than the moving vibrations of time or space. It can help to process emotions, to speak one's truth, calmly and influentially, and to pursue special talents.
