Product features:

Essence type: combination
stock or dosage: Dosage
Size: 30ml dropper bottle

Product attributes:

Product codes:

Reference: AB208
EAN13: -
UPC: -

Product short description:

This remedy helps getting children, especially those who are always 'on the go', to wind down, become peaceful, calm, relaxed and get ready for bed. I've also added Essences to help protect these sensitive beings from picking up any negativity from their environments. Bottlebrush brings about serenity by allowing them to let go and surrender to the 'land of nod'.
