Product short description:

Integrate information, aid mental clarity and focus.

Aroma: Uplifting, herbaceous and zesty.

Gives clarity and focus when working, speaking, reading or studying. It balances the intuitive and cognitive processes and helps integrate ideas and information. Excellent for study or pursuits that require intense focus. It assists problem-solving by improving access to the Higher Self, which stores all past knowledge and experiences.

Simply roll the applicator gently back and forwards on neck, wrists, temples or pulse points and breathe deeply to integrate information, aid mental clarity and focus.
