Essence type: combination  
stock or dosage: Dosage  
Size: 30ml dropper bottle

**Product attributes:**

**Product codes:**

Reference: AB251  
EAN13: -  
UPC: -

## Product short description:

The 2026 Essence has been created to support the powerful energetic shift of the Universal Year 1, the second year in the new nine-year cycle and a time of decisive action. This blend helps clear procrastination, dissolve outdated habits and renew your focus on financial stewardship, strengthening your ability to move forward with clarity, resilience and purpose.

Each Bush Essence within this blend has been carefully selected by Ian White to guide you through this year of initiating action. For many people, the seeds of change and new beginnings were sown last year. The 2026 Essence is a reminder that this is your year to act, to build upon the foundations from last year and become unstoppable in creating your next steps and goals. It brings the clarity and momentum needed to fully optimise your 2026. This year, people will feel drawn to wanting to be part of a spiritual community and connect with like-minded people. The 2026 Essence will also help facilitate this.
