**Product short description:**

Negative condition: Aimless; despondent; feeling flat; lacking life direction.

Positive outcome: Motivation; direction; life purpose.

This is another rare Eucalypt. Although widely cultivated there is only one remaining natural stand of this beautiful tree on a granite outcrop known as Boyagin Rock in the south west of Western Australia. Of all the Eucalypts, there is none more attractive than the Silver Princess. This Essence brings about an awareness of one's life direction. Though it may not always reveal to a person their full life plan, it will aid people who are at crossroads, helping to show them what their next step is. It helps give them an understanding of that direction. This Essence is also excellent when one has reached an important goal and yet one is left feeling very flat, thinking 'is this all there is'. In this case, it gives one a glimpse or a sense of what is next and allows one to enjoy the journey whilst striving for the goal.
