

Society Membership

Our Newsletter started in 1988 at which time we produced two newsletters per year. Since 1990 we have produced four issues annually. It was designed to serve as a forum for members to share their experiences with the Essences, to give updated information on the Essences, details of future workshops and to provide discounts on selected products to members.

The registration fee for overseas membership is \$ 20.00 Australian per annum and subscriptions are renewable in **September** of each year. Past issues for the current year will be supplied if you join mid-year and a set of back issues (starting December 1999) is also available for \$ Aus 74.00. We accept Mastercard and Visa if you supply us with the details cardholder number, name and expiry date.
